High Court of Gauhati, Kohima Bench Starts Live Streaming

Article 21 of the Constitution encompasses the right to access live court proceedings. With the objective of implementation of the open court concept, the Gauhati High Court has commenced live streaming of court proceedings from 12.12.2022. The live streaming of court proceedings is being telecast on the official YouTube Channel namely, 'eCourts Nagaland' in accordance with the

guidelines of the Supreme Court and the Gauhati High Court Rules 2022. The live streaming link is available on the official website of the Gauhati High Court, Kohima Bench at kohimahighcourt.gov.in. This will enable access to live court proceedings, including matters of public interest to citizens, journalists, civil society, and law students on a real time basis, which was not otherwise possible owing to geographical or infrastructural issues. With proper internet facility, litigants and the general public do not have to waste their entire day to view how their matter is proceeding, instead view the court proceedings from the comfort of their offices and homes.

High Court of Punjab & Haryana Certified Copy Tracking Information, Bail Docket Improvement & Telegram Bot Channel

1. Tracking Information for Certified Copy: It Deliver via post in order to track the status from consignment no. of Post Office.
2. Bail Docket Improvement: Bail Docket Improvement for status of release of accused.
3. Telegram Bot Channel: Telegram bot channel was introduced on the website of Punjab and

Haryana High Court. It is built to reduce the traffic on the website of Punjab and Haryana High Court. An important function of telegram bot is the possibility to execute commands in a telegram chat, which then directly trigger actions or request information, which then outputs the commands possible for the bot in the chat as a text feedback. Various functionalities that are available on the High Court website are also available on the telegram bot such as display, board, cause list, judgments and orders, gradation list, judges' roster etc. This telegram bot channel is also accessible to the general public, thus reducing the load on the website.

High Court Of Rajasthan Rolls Out Integrated Digital Solution of E-Prisons with Rajasthan High Court And District Judiciary

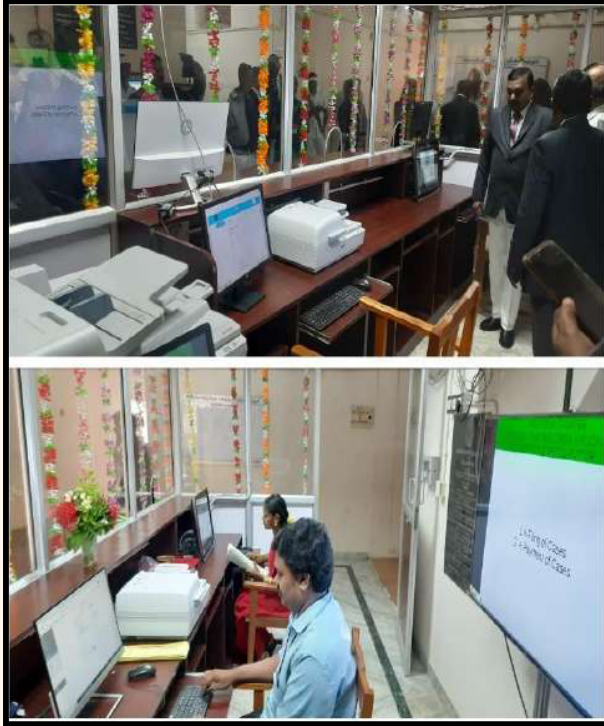

In compliance with an order dated 28.11.2012 passed by Rajasthan High Court in DB Criminal Writ Petition No.295/2021, titled Rakesh Vs. State, Rajasthan High Court has developed an indigenous Digital Solution Software in collaboration

with NIC New Delhi. The programme is integrated with e-Prisons Software. In the integrated Digital Solution Software, a database of prisoners in the State of Rajasthan is exchanged with Rajasthan High Court and District Judiciary. Details of inmates

maintained through ePrisons Software by the police authorities, which includes unique identification number of prisoner (PID), date of arrest, undergone period, period of absconding, paroles history, criminal antecedents, issuance of custody certificate and other factors are migrated into this software. Simultaneously, the database of courts is also integrated with ePrisons like court case details, court orders, hearing details and causelist etc. The developed software incorporates a statistical database of prisoners, under trial/ convicted and

has multiple segments. Numerous procedural delays and hurdles which cause unnecessary deferment of hearings would be eliminated by using this software. The section of prisoners who are unable to seek legal assistance on account of poverty would be directly connected with the Legal Services Authority. This Digital Solution Software has been e-launched by Hon'ble Mr. Justice Pankaj Mithal, the Chief Justice of Rajasthan on 13.12.2022.. E-Launching ceremony has also been live streamed on Youtube with link- <https://youtu.be/CSZRSQcP2Ww>

High Court of Tripura Introduces Surety Tracking System

The screenshot displays the 'SIGN IN TO SURETY APPLICATION' interface. It features a sign-in section with 'User Id' and 'Password' fields and a 'Sign In' button. Below this is a 'SEARCH SURETY' section with a table header: PHOTOGRAPH, NAME, ADDRESS, CASE NUMBER, ADDRESS, ACCUSER, DATE OF SURETY, and DOCUMENT. The 'SURETY DETAILS ENTRY' section includes fields for NAME OF THE COURT, NAME OF SURETY, ADDRESS, PHOTO, DETAILS OF SURETY, DETAILS OF ACCUSED, and OTHER ACCUSED. The 'UPDATE SURETY DETAILS' section is similar to the entry form but includes a 'DATE OF SURETY' field.

Surety Tracking Software (Version: 1.0) is an initiative of the District Court Computer Committee, West Tripura Judicial District to track down the sureties of West Tripura Judicial District and also for cessation of Professional Surety. The software is developed and maintained by the Technical Team of West Tripura Judicial District. The Software is

developed in PHP and the backend is postgres phppgadmin.

Benefits of the Surety Tracking System (Version: 1.0):

- Information of surety in connection with cases can be tracked down with a single click.
- Courts can identify whether the person appearing before the court to become a surety in a

case is involved as surety in any other cases registered at other courts or in the same court.

- Presiding Officer can make a prompt decision on whether to allow or reject the surety application of a person based on the Surety Tracking Software.
- Bench Clerks can track down the history of surety much precisely and also the time taken by him/her for performing the task will be less than a minute.
- Provision is made in the software to mark a surety as defaulter enabling the court to take further steps.

Futuristic Scope of Surety Tracking Software (Version: 2.0):

- e-Register of Surety (Court Wise).
- e-Register of Surety for single Court based on Category (i.e. Court Case / Police Station Case)
- Inclusion of Multiple Court Complexes within a District.
- Creation of User by admin.
- Court wise multiple login.
- Change password by User.

Surety Tracking Software (Final Version):

- Inclusion of all the Court Complexes within a State.
- Accessed from a single server by all the court complexes.
